E-TRADING PLATFORM

# PEN CENTRAL MAKES IT EASY TO DO BUSINESS

## WITH MANY QUOTES AVAILABLE TO YOU IN MINUTES, USING PEN CENTRAL MEANS YOU CAN FOCUS ON WHAT YOU DO BEST

Pen Central is Pen's online e-trading platform for brokers. It's the quickest and easiest way to trade with Pen, giving you instant access to our expertise in Household, Cyber, XoL, Professional Indemnity and D&O.

It is accessible to all brokers and coverholders that hold a TOBA with Pen. Once registered and logged in, it only takes a few clicks for you to get the quotes your clients need.

We even provide alternative quotes based on what you enter, saving you time finding suitable cover for your client. And, if there's a referral, our specialist underwriters will contact you to help.

e-Trading directly with Pen Central provides you with our best quotes, the control to flex-commission rates, full life-cycle support (from quote to MTAs to renewal), claims data, white-labelling and monthly bordereaux reports for cover-holders, all in one place.

Manage your client's insurance policies simply and efficiently with the added assurance you can contact someone at Pen to support you whenever it's needed. Our e-Trade products come with A-rated capacity, impressive quote and strike rates, backed by the endorsement proven by our high renewal retentions\*.

Pen excels at the unusual risks and writes risks other companies can't or won't accommodate. If you have a risk which is difficult to place, contact Pen. Our underwriters provide capacity to cater for the standard, diverse and emerging risks within their limits.

If you are not yet registered on Pen Central, email us at **Central@penunderwriting.com** and one of our team will help you get set-up.

## PROFESSIONAL INDEMNITY

NOW LIVE on Pen Central, Pen's Professional Indemnity offers conventional cover for Miscellaneous, Accountants, Architects and Engineers PI, inclusive of a complementary Collateral Warranty Checking Service. Our PI product is supported by A+ rated capacity. Please note that we are unable to write Primary Layer Design and Construction risks via this route. However, our full XOL PI offering is available via the etrading platform.
