

SPECIALIST HOME

BUY ONLINE FROM PEN OR TRADE WITH AN UNDERWRITER

HOW DOES THIS PRODUCT COMPARE TO A “STANDARD” OFFERING?

Struggling to find insurance for a client with a unique home? Our Specialist Home insurance provides cover for homes that are typically difficult to place, like listed buildings or homes used for Airbnb rentals.

But our product is not just designed for specialist homes, it's also for customers who have standard homes but specialist needs, such as customers in the middle of a renovation or customers with an unusual occupation, or customers who simply want the flexibility of increasing their policy limits.

You'll find us easy to do business with; brokers buying from Pen Central, our e-trading hub, can instantly quote and bind cover, and because Pen Central is full-cycle there's no need for re-keying at renewal or MTA. Plus, whether you buy from Pen Central or get a quote from an underwriter, our product offers competitive rates.

YOU CAN ALSO BECOME A DELEGATED AUTHORITY ON THIS PRODUCT. GET IN TOUCH FOR MORE INFORMATION.

WHY DO BUSINESS WITH PEN?

Pen Underwriting (Pen) is a multi-class, multi-territory Managing General Agent (MGA).

When we set up Pen in 2014, we brought together some of the UK's best known and most respected underwriting businesses, many with decades of underwriting expertise.

From a 'super start-up' of a dozen or so brands, to a single cohesive £650m GWP business, we're setting our sights on our next milestone – with a bold new vision to become a £1bn GWP underwriting & distribution business.

Over the last six years, the businesses have integrated to form one single operation that had broad distribution and acted like an insurer, responsible for everything apart from the capital at risk.

In 2021, with the majority of the integration work done, and with Pen operating as a single business, Pen is redefining itself – not as the business it thought it might become, but as something even better – the business the market needs it to be.

Our values – IDEAS, AGILITY, CONNECTING, FULFILMENT and SOLVING – are built on strong foundations.
